CO-OP NEWS & REMINDERS

Ice and Snow on the Power Lines is a Heavy Subject

When it comes to providing electricity to homes across power lines, ice and snow can be a force to be reckoned with. The accumulation of ice and snow can quickly result in broken poles and damaged equipment. Additionally, ice can increase the weight of trees and branches by up to 30 times, which may cause them to fall onto power lines. As the snow/ice melts and falls off the lines, the lines can rebound, which could result in power blinks or an outage. Unfortunately, these types of outages are difficult for PEC to prevent, as they are caused by natural weather conditions.

This power line is significantly weighed down due to snow load. This photo was taken in the Springstead area.

MEMBER RESOLUTION NOTICE

Deadline for Resolutions

Please take notice that pursuant to Article III of the Bylaws, the Board of Directors of Price Electric Cooperative has set March 9, 2026, as the deadline for submission of advisory resolutions relating to the affairs of the Cooperative. Any member wishing to submit an advisory resolution for consideration by the members must submit their proposal to the Rules Committee by this deadline for review prior to the 2026 annual meeting. Proposed advisory resolutions must be received at Price Electric Cooperative's headquarters office in Phillips, Wisconsin, by 4 p.m. on March 9, 2026. Resolutions submitted after this date will not be considered for member approval and resolutions will not be accepted from the floor at the 2026 annual meeting.

REMINDERS OF UPCOMING CHANGES TO YOUR BILL

Demand as a Line Item

Starting with the January billing, reflected on the statement you receive in February, you will notice a line item titled "Demand Charge." This line item will be listed at zero. This line item shows you what your actual demand is and will help you become accustomed to seeing demand as part of your bill. We encourage you to start exploring potential energy usage adjustments to effectively manage your demand.

Demand Replacing Temperature on the Chart

Starting with the January billing, reflected on the statement you receive in February, the temperature line plot on the graph will be replaced with your peak kW demand for that billing cycle. It is important for members to understand that demand is not about how much energy is consumed, but how and when you use it across the billing cycle. For example, an average home could reduce demand by staggering appliance use—run the dishwasher, washer, and dryer at different times rather than simultaneously.

Bill Print Fee

Starting with the March billing, reflected on the statement you receive in April, we will be implementing a \$1 monthly fee per bill for members who receive paper copies of their bills. The cost of postage, paper, printing, and return envelopes have increased significantly, which has impacted our ability to maintain current billing practices without this adjustment.

What are your options?

- Switch to E-Billing:** E-bill allows you to receive your monthly statements directly to your email, ensuring quick and secure access to your bill. To sign up, you must create a SmartHub account. SmartHub is PEC's online portal.
- Continue with Paper Billing:** If you continue with paper bills, no action is required on your part, and the \$1 fee will be automatically applied starting March 1.

How to Sign Up for Smart Hub and Paperless

- Visit our website at www.PriceElectric.coop. At the top of the screen, click **Login to Smart Hub**.
- A login page will open; below the sign-in button, click **"Don't Have an Account? Register Now."**
- Time to get registered. You will need your account number, last name, and email address.
- Follow the prompts to set up your password and complete your enrollment.
- Once logged in to your account, navigate to the **Settings** menu. Under settings, click **"Paperless Billing."**
- On the Paperless Billing screen, toggle the **Go Paperless** switch to be on. Once switched, the toggle will be green.

HELP US FIND THESE FORMER MEMBERS!

The following former members of Price Electric Cooperative (PEC) have capital credit funds available. If you know the whereabouts of any of these former members, please have them contact us at 715-339-2155 ext. 108. To claim these funds, it will be necessary to provide satisfactory evidence of their right to the funds. If we are unable to locate these former members, their unclaimed funds will be forfeited and used to provide scholarships and donations to local charitable causes through PEC's association with the Federated Youth Foundation. For a list of all members who have unclaimed capital credits, please visit the PEC website at www.PriceElectric.coop.
